

Here at People's Jewelry we pride ourselves on getting you the highest quality, implant grade body jewelry at a wait time you can afford. From expedient and attentive customer service to an easy to use click-and-order website we strive to provide you with the best experience from start to finish.

All titanium and niobium jewelry has been verified by the APP Body Jewelry Verification program. This verification process provided by the APP ensures all Mill Certificates provided by the manufacturer have been translated and verified as compliant for use in initial and healing piercings. We are extremely proud and excited to be a part of this program and for the advancement of information in an industry we love so much!

All of our titanium jewelry is machined from ASTM-F 136 implant grade titanium that is domestically sourced and proudly manufactured in the USA.
